## 1. About the College

Sahya Arts and Science College (SASC), driven by the Sahya Pravasi Cooperative Society Ltd (Reg. No.M.862), represents a unique and dynamic educational venture. This Society is not merely a partner but the catalyst for the college's extraordinary growth and transformation. Established in Wandoor in the year 2013, Malappuram, SASC stands as a leading educational institution, strategically located in the serene landscape of Palamadam, just 4 KM from Wandoor town.

SASC is the First self-financing Arts & Science College in the co-operative sector run by Pravasis in India to achieve NAAC B++ Grade with CGPA 2.97 in the first accreditation cycle. Affiliated with the prestigious University of Calicut and accredited by the Government of Kerala and the UGC, SASC offers a comprehensive range of courses. From its modest beginnings with 4 undergraduate programs and 93 students, SASC has evolved into a vibrant institution, now serving a diverse community of 1000 students through 10 undergraduate and 2 postgraduate programmes. This remarkable journey was made possible by the collective efforts of local residents and over 200 NRIs from the Middle East, who recognized the transformative power of education for community development. As the first self-financing college in the region, SASC addresses the critical shortage of higher education institutions, serving nearly 5000 higher secondary graduates annually across eight Panchayaths. In a short span, SASC has established a permanent campus, embodying its noble mission: Empowering the Youth for a Brighter Future.

Our college initially offered 12 undergraduate programs but has streamlined them to 10 due to modernization efforts and limited job opportunities in certain areas. Furthermore, 2 of these UG courses have been replaced to better meet current industry needs. Our graduates are now working around the world, demonstrating the global reach and impact of our alumni. The College is accredited with NAAC B++ Grade and recognized under section 2(f) of the UGC Act 1956 and has been

awarded the ISO 9001:2015 certification, underscoring our dedication to providing quality education and our commitment to continuous improvement.

## 16. EVALUATION AND GRADING

- 16.1.** Mark system is followed instead of direct grading for each question. For each course in the semester letter grade and grade point are introduced in 10-point indirect grading system as per guidelines given in Annexure-1

- 16.2. Course Evaluation:** The evaluation scheme for each course shall contain two parts 1) Internal assessment 2) External Evaluation 20% weight shall be given to the internal assessment. The remaining 80% weight shall be for the external evaluation.
- 16.2.1. Internal Assessment:** 20% of the total marks in each course are for internal examinations. The marks secured for internal assessment only need to be sent to University by the colleges concerned. The internal assessment shall be based on a predetermined transparent system involving written tests, Class room participation based on attendance in respect of theory courses and lab involvement/records attendance in respect of Practical Courses. Internal assessment of the project will be based on its content, method of presentation, final conclusion and orientation to research aptitude. Components with percentage of marks of Internal Evaluation of Theory Courses are- Test paper 40%, Assignment 20%, Seminar 20% and Class room participation based on attendance 20%. For practical courses - Record 60% and lab involvement 40% as far as internal is concerned. (if a fraction appears in internal marks, nearest whole number is to be taken) For the test paper marks, at least one test paper should be conducted. If more test papers are conducted, the mark of the best one should be taken. To ensure transparency of the evaluation process, the internal assessment marks awarded to the students in each course in a semester shall be notified on notice board at least one week before the commencement of external examination. There shall not be any chance for improvement for internal marks. The course teacher(s) shall maintain the academic record of each student registered for the course, which shall be forwarded to the University by the college Principal after obtaining the signature of both course teacher and Head of the Department.

## 17. INDIRECT GRADING SYSTEM

- 17.1. Indirect grading System based on a 10-point scale is used to evaluate the performance of students.
- 17.2. Each course is evaluated by assigning marks with a letter grade (O, A+, A, B+, B, C, P, F, I or Ab) to that course by the method of indirect grading. (Annexure 1).
- 17.3. An aggregate of P grade (after external and internal put together) is required in each course for a pass and also for awarding a degree (A minimum of 20% marks in external evaluation is needed for a pass in a course. But no separate pass minimum is needed for internal evaluation). No separate grade/mark for internal and external will be displayed in the grade card; only an aggregate grade will be displayed. Also the aggregate mark of internal and external are not displayed in the grade card.
- 17.4. A student who fails to secure a minimum grade for a pass in a course is permitted to write the examination along with the next batch.
- 17.5. After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of a semester, a student should pass all courses. However, a student is permitted to move to the next semester irrespective of SGPA obtained.

### Annexure-1

#### Method of Indirect Grading

Evaluation (both internal and external) is carried out using Mark system. The Grade on the basis of total internal and external marks will be indicated for each course, for each semester and for the entire programme.

Indirect Grading System in 10-point scale is as below:

### Ten Point Indirect Grading System

| Percentage of Marks(Both Internal & External put together) | Grade | Interpretation | Grade point average (G) | Range of grade points | Class                        |
|------------------------------------------------------------|-------|----------------|-------------------------|-----------------------|------------------------------|
| 95 and Above                                               | O     | Outstanding    | 10                      | 9.5 - 10              | First Class with Distinction |
| 85 to below 95                                             | A+    | Excellent      | 9                       | 8.5 - 9.49            |                              |
| 75 to below 85                                             | A     | Very good      | 8                       | 7.5 - 8.49            |                              |
| 65 to below 75                                             | B+    | Good           | 7                       | 6.5 - 7.49            | First Class                  |
| 55 to below 65                                             | B     | Satisfactory   | 6                       | 5.5 - 6.49            |                              |
| 45 to below 55                                             | C     | Average        | 5                       | 4.5 - 5.49            | Second Class                 |
| 35 to below 45                                             | P     | Pass           | 4                       | 3.5 - 4.49            | Third Class                  |
| Below 35                                                   | F     | Failure        | 0                       | 0                     | Fail                         |

### 18. CGPA Calculation

$$\text{CGPA} = \frac{\text{Total Credit points obtained in six semesters}}{\text{Total Credit required (120)}}$$

Example

$$\text{CGPA} = 136 + 145 + 161 + 148 + 131 + 141 / 120 = 862/120$$

$$\text{CGPA} = 7.183$$

Total Percentage of marks = (CGPA/10) \*100

Total % of marks = (7.183/10) \*100 = 71.83

### **CUFYUGP (Calicut University Four Year Under Graduate Programme)**

The Four-year undergraduate programme curriculum is a structural and methodological departure from the existing curriculum. The existing three-year programme shall remain within the four-year programme with options of lateral entry and single exit.

Outcome Based Education (OBE) practices are to be used to design the curriculum. The regulations of the four-year UG programme aim at synthesizing degrees, which is now an international standard adopted by all the universities across the world. While synthesizing degrees, there shall be no restriction on the subjects/ courses across the disciplines, as far as possible. Conscious efforts to develop cognitive and non-cognitive problem-solving skills among the learners shall be part of the curriculum.

The programmes shall empower graduates as expert problem-solvers using their disciplinary knowledge and collaborating in multi-disciplinary teams. The proposed FYUGP curriculum shall comprise Three Broad Parts:

- a) Foundation Components,
- b) Discipline Specific Pathway components (Major/ Minor)
- c) Discipline Specific Capstone Components.

The Foundation component of the FYUGP shall consist of a set of General Foundation Courses and a set of Discipline Specific Foundation Courses.

The features, meaning, and purpose of CUFYUGP shall be as stipulated by the UGC and AICTE and as adapted by the Kerala State Undergraduate Curriculum Framework (KSUCF).

The practice of lateral entry of students to various years exists, but an exit with a Degree shall be awarded only upon successful completion of the third year. CUFYUGP shall have three Broad Pathways,

- (a) 3-year UG Degree,
- (b) 4-year UG Degree (Honours), and
- (c) 4-year UG Degree (Honours with Research).

Students who choose to exit after 3 years shall be awarded UG Degree in their respective Major Discipline after the successful

completion of the required minimum of courses of total 133 credits. A four-year UG Degree Honours in Major Discipline shall be awarded to those who complete the CUFYUGP with a specific number of courses of total 177 credits, including 12 credits from an optional graduate project/ dissertation/ internship training in their Major/allied discipline, under the supervision of any faculty member of the college/ university/higher education institution. In the case of BBA and BCA programmes, in the Honours stream, there is a 4-credit project in the third year and an 8-credit project in the fourth year in their Major/ allied discipline.

**Discipline-Specific Pathway Components (Major/Minor)** The discipline-specific pathways allow the learner to pursue in-depth study of a particular subject or discipline and develop competency. These pathways include Major courses, Minor courses, and other optional courses.

### **(i) Major Component**

The major is the subject that is the main focus of study. The student can conduct an in-depth analysis of a particular topic or discipline by selecting a major. Students may be allowed to change majors within the broad discipline at the end of the second semester by being given sufficient time to explore interdisciplinary courses during the first year.

The primary component consists of three types: Discipline-Specific Core (DSC) or Discipline-Specific Elective courses (DSE), research, laboratory, and fieldwork. Every Board of Studies (BoS) selects core and elective courses from their offerings or those provided by other BoS. These courses and their prerequisites are specified in the programme curriculum document.

### **(ii) Minor Component**

It helps the student to gain a broad understanding beyond the major discipline. Students can choose courses from various disciplinary/interdisciplinary minors and skill-based courses relating to a vocational education programme. Students who take a sufficient number of courses in a discipline or an interdisciplinary area of study other than the chosen major will qualify for a minor in that discipline or the chosen interdisciplinary area of study.

After exploring various courses, students may change the minor and vocational stream choice at the end of the second semester.

Course structure of the FYUG Degree programmes except BBA/BCA
